

UAI cut-offs for Commonwealth-supported place (CSP) courses

Main round of offers - 2008 admissions

Key to cut-offs

For applicants selected on the basis of their 2007 Australian Year 12 results, institutions have released the lowest Universities Admission Index (UAI) required for selection into each Commonwealth-supported place (CSP) course. These minimum UAIs or cut-offs are shown in the following table.

For non-current Year 12 applicants, the UAI cut-offs do not generally apply. Institutions may take any or all of the following into account when considering your application – tertiary studies, secondary studies, post-secondary studies and other relevant factors such as employment history and special circumstances.

If **N/A** appears instead of a cut-off, a cut-off is not applicable because *either* selection criteria other than or in addition to the UAI are used *or* the course is not offered to 2007 Year 12 applicants.

Vacancies

A letter '**V**' shown in brackets after the cut-off indicates that some places may be available in the Late Round. Vacancies could also arise in some courses not marked '**V**'. This will not be known until after acceptances to Main Round offers have been received and no guarantee is given that further offers will be made.

If you applied for a course marked with a '**V**' and you were not made an offer, your qualifications may not have been sufficient to gain entry into the course in this round.

Do not rely on receiving a Late Round offer. If you have a Main Round offer, you are advised to accept that offer. Even if you have accepted an earlier offer, you will automatically be considered in the Late Round for higher preference courses.
